

800 Ft. Away

by DAVID

Cade: Hey

[grindr message sound]

David: Hey

C: What's up?

[message sound]

D: Just got home, I went out for drinks with some friends. how about you?

C: I'm watching this dumb home renovation show..

D: Omg I love that stuff

C: Yeah it's addicting, but they just make every room blue and brown, it's pretty uninspiring

D: yeah and put dumb quotes in frames on the wall...

C: yep, this episode they put big lettering in the master bedroom that just says "Be The Change"

D: wow, that's truly a new low.

[long pause- silence]

D: So where did you move from? Your profile says you're new in town?

C: Colorado, I just got here a couple weeks ago.

D: That's a long way. How do you like the neighborhood?

C: It's good! But yeah really different from what I'm used to. Like, do you ever stop hearing the garbage trucks every morning at 6am?

D: lol I only just started sleeping through those. I'm from Kansas originally, so yeah not really cut out for the city either.

C: Oh cool, we were neighbors before! Neighboring states, at least.

D: yeah I guess we were. Surprised I never ran into you.

C: Well now it's inevitable, if you're only 800 feet away, lol.

D: Hmm I don't know, 800's still pretty far...

C: Yeah it's true, there's like 15 guys closer than you who I could see for way less effort.

D: Oh trust me, I'm worth a little extra effort.

C: Oh yeah?

D: Yeah.

[pause]

C: ugh I always feel so dumb asking this, but.. Do you have any more pictures?

D: I was about to text you that exact question.

C: you first.

[sounds of pictures being received]

C: cute shirt.

D: Thanks! Okay, your turn.

[pictures sent]

D: cute! Oh my god the one with the dog kills me

C: Yeah that's my dog! He lives with me

[pause]

maybe you can meet him sometime

D: yeah I'd love to

[pause]

C: How about now?

[pause]

C: hmm that sounds nice but I don't think I wanna meet up tonight if that's okay.

D: Yeah, that's fine.

C: It's just that I'm still sorta new to all this, and today's been one of those unable-to-get-out-of-bed-days if you know what I mean.

D: I've totally been there.

C: But I would like to meet you at some point! I'm sorry tonight's not the night.

D: Yeah, I would too. And you don't have to apologize. People on here can be so intense. And it's like sometimes I know I'm only on here because I'm depressed or lonely or something, and like forgive me for not being immediately comfortable going to your house at 3am to give you a blowjob lol.

C: ugh it can be so annoying, how comfortable people are on here.

D: True, it took me so long to stop judging myself against all the confident gays...

C: that's something I'm still working on.

[pause]

D: sooo if you don't wanna meet up, maybe we could chat a bit? Full disclosure, I'm pretty horny right now. A few drinks on a Wednesday night always does me in

C: yeah, we can chat.

D: also if I'm being totally annoying just say the word and I'll go jack off.

C: no, you're good. Honestly I'm really horny too, I mean we're both chatting with strangers at 11pm right? So, kinda obvious what we're thinking.

[pause]

D: so do you have any... more explicit pictures?

C: I do

D: I wanna see them

C: Ok, but you should probably know, I don't like, have a cock. I'm a trans man, btw.

D: I know, it said so on your profile.

C: oh great, sometimes people message me without reading that.

D: So let's see these pictures then.

C: okay okay hold on.

[sounds of pictures being sent]

D: fuuuck you're making me so hard.

C: I wanna see you.

[picture sounds]

C: damn I wish you were here in my bed right now.

D: what would you do if I were there?

C: I'd take off your shirt and start kissing your chest, teasing your nipples and running my hands through your chest hair.

D: mmm go on.

C: I'd make out with you as I unbutton your pants, feeling your hard cock through the denim.

D: mm fuck I'd be begging for you to take them off.

C: I slowly unzip them and pull them off, then lick the length of your cock..

D: I want you so bad.

C: I start to suck you, feel it throb in my mouth.

D: are you jacking off right now?

C: yes.

D: Good.

C: I want you to push your cock deep in my mouth.

D: I wanna feel your mouth on me.

C: I wanna taste you.

D: question.

C: yes?

D: are you a top or bottom?

C: top.

D: that's perfect, I want you to fuck me.

C: I can do that.

D: actually do you want to call me right now? I want to hear your voice.

C: sure, what's your number?

[sound]

[ringing]

D: Hello

C: Hey there [they both laugh] what's your name?

D: what?

C: your name, you never told me. Your profile didn't say..

D: Oh, David, what's yours?

C: Cade. It's nice to meet you David.

D: you too. I want you to tell me what to do.

C: Ok, I want you to lick your finger.

D: mmhmm...

C: now reach down and touch your asshole, and slide the finger in.

D: fuck, I want you.

C: now I'm putting on my biggest strap-on..

D: I want you inside me.

C: and I'm pushing it into your hole.

D: mm fuck me..

C: now, with your other hand, I want you to start stroking your cock.

D: wait, hold on, I have a dildo I wanna use.. okay.

C: now imagine that I'm fucking you.

D: *[breathy]* yes...

[sex sounds, moaning]

C: I think I'm close to cumming.

D: Me too. Fuck I'm gonna cum.

C: I want you to cum for me, David

D: I'm cumming!

C: fuck, me too.

[a moment as they both breathe heavily]

D: That was so great, thank you.

C: Yeah, that was a lot of fun, we should do it in person sometime.

D: That sounds great.

C: Alright, I should go to bed now..

D: Goodnight Cade.

C: g'night... David.

[long pause]

[jingly song]

Sales: Thank you for listening to this short promotional podcast. What you just heard was one of thousands of real interactions recorded by DAVID, the Device for Automatic Virtual Intimacy and Desire. Programmed with cutting-edge artificial intelligence software, DAVID uses personalized data from thousands of users to simulate a pleasurable sexual interaction, providing a unique and enjoyable marketing experience. For instance, DAVID can use data to make subtle and targeted brand suggestions to users, creating a seamless ad experience.

D: "Not much, just got back from seeing this really cool movie.." "Mm I'm feeling pretty horny.. Think I had a little too much Bacardi tonight." "Ugh I wish you were in my bed right now, I got this new Casper mattress and it's so comfortable..."

[music back in]
